

Dear Court Clerk and NOV 17 2003
To those - Concerning the proposed
Court Rule no. 2003-47

As a victim of asbestos
contracted from my years of
work at Great Lakes Steel Corp.

in Ecorse, Mich. I am writing
to you to express my shock
that such a rule as the (Court
Rule no. 2003-47) can even
be considered. First of all

where are the victims rights?
These companies poison us through
out our work areas - un-known
to the workers and after the
damage is done, they seek the
Courts to get them out of their
responsibilities for their negligence.

I also have a spot on my
lung, that has to be watched
and re-checked with a scan to

see if it changes - ed.

I'm sure many asbestos
harmed people such as I are
completely outraged that
big business companies seemingly
try to get legislators to dismiss
these obligations and now the
Michigan Supreme Court.

What about our Constitutional
right to a trial by jury?

Please consider the victims
rights - . It's bad enough
our health has been permanently
damaged and then to think
they can push their big money
and companies in trying to
get out of their damage done
to many people.

Thank you for listening + please
do not allow this to go through.

Respectfully,
Lloyd C. Stanley
